The Financial Conduct Authority is a financial services regulator. It requires OakNorth to give you this important information to help you decide whether our Easy Access Tracker accounts are right for you. You should read this document carefully, together with the General Terms & Conditions and Product Terms & Conditions for Easy Access Tracker accounts, so you understand what you are buying, and then keep it safe for future reference.

| <p>What is the interest rate?</p> | <p>The interest rate on this account is made up of:</p> <ul style="list-style-type: none"> • a variable tracker rate that follows the Bank of England base rate minus a *spread of -0.75%, and • for customers who are new to OakNorth only, an additional fixed boost of 1.14% AER for the first 12 months from the date the account is opened <p>Existing OakNorth customers will receive the variable tracker interest rate without the boost.</p> <table border="1" data-bbox="427 1010 1414 1193"> <thead> <tr> <th data-bbox="427 1010 922 1106">Interest rate without boost</th> <th data-bbox="922 1010 1414 1106">Interest rate with boost (includes a temporary increase of 1.14% AER for first 12 months)</th> </tr> </thead> <tbody> <tr> <td data-bbox="427 1106 922 1193">3.00% AER / 2.96% gross (variable)</td> <td data-bbox="922 1106 1414 1193">4.14% AER / 4.06% gross (variable)</td> </tr> </tbody> </table> <p>* spread in this document refers to the rate that is added or subtracted to the Bank of England base rate</p> <p>Your account will start accruing interest once we've received and processed your first deposit. This usually happens the same business day, but no later than the next.</p> <p>Interest is calculated on the minimum daily balance and applied monthly.</p> <p>If you withdraw funds, interest will be calculated on your total balance up to – but not including – the withdrawal date.</p> <p>Boost interest</p> <p>The 12-month boost is available to customers who are new to OakNorth only from the date the account is opened. A new customer is defined as someone who has never held an OakNorth personal savings account.</p> <p>After the 12-month boost period ends, the boost will be removed automatically and your interest rate will move to the standard Easy Access Tracker rate, which continues to follow the Bank of England base rate plus a spread.</p> <p>Go to the Bank of England website to monitor the base rate.</p> <p>You can find the interest rates for all issues of our accounts on our website.</p> | | Interest rate without boost | Interest rate with boost (includes a temporary increase of 1.14% AER for first 12 months) | 3.00% AER / 2.96% gross (variable) | 4.14% AER / 4.06% gross (variable) |

| <p>Can OakNorth change the interest rate?</p> | <p>Yes. Interest rates are variable and tracks the Bank of England base rate. If the Bank of England base rate changes, the new interest rate on your account will apply from the following business day that this takes effect.</p> <p>We may adjust the spread at our discretion, as outlined in our Terms and Conditions.</p> <p>If the spread increases your rate, we'll email you as soon as we can and in any event within 30 calendar days of the change taking effect. If it decreases, we'll notify you at least 14 days in advance.</p> <p>The 1.14% AER boost is fixed for the 12-month boost period and will not change during that time. Once the boost period ends, it will be removed automatically. We'll notify you at least 14 days in advance of the boost being removed.</p> | | | | | | | | | | |
